MEMORANDUM FOR: [REDACTED] IPS/DDA

FROM: [REDACTED]
OLC Coordination & Review Staff

SUBJECT: Mandatory Classification Review Requests
E 78-0055 and E 78-0179 from Neil Romano
to the Lyndon B. Johnson Library

REFERENCE: IPS Referrals of 12 and 21 June 1978

1. We apologize for the delay in responding to the above referrals from IPS for classification review and determination on the subject requests.

2. Although the Office of Legislative Counsel has no objections to release of these four documents in their entirety, to date we have received no authorization from the Congressional oversight committee involved in the briefings described in the subject memoranda.

3. If there are no objections posed by other Agency components as to declassification and releasability of these documents, may we suggest that you advise the Lyndon B. Johnson Library Archivist that CIA has no objections to declassification and release; however, the documents involve sensitive matters directly involving one of our oversight committees and cannot be released without the committee's authorization. To date such authorization has not been received.
